

3/25/09

Dear Mr. Muller,

The San Francisco Bay is filled with trash, destroying recreation, marine wildlife, and impacting water quality. The Board's proposed permit would require cities and counties to meet a cleanup level of one hundred pieces of trash for every one hundred feet in a trash "hot spot". This does not go far enough. Our Bay deserves the highest level of protection -

~~the~~ Zero trash!!!

Sincerely,

Susannah Ashkenas
